Golden Vision 2030:

Community Summit I

Find the answers to these questions:

- *What are the values that should lead Golden into the future?*
- *How will Golden's values serve the community for decades to come with tough choices that need to be made?*

What should you expect at this event?

- Innovative hands-on tool...keypad polling...fun and results-oriented activity
- Experiencing the wisdom of the crowd...*every voice counts*
- Learn what it takes to choose between priorities, what tough and tougher choices mean and ultimately, experience a day in the life of a local government decision-maker.

**We know you take pride in where you live....so come hungry
& stay to sample foods from Golden's best restaurants!**

The Summits are a necessary step in creating our draft Vision Plan that will be available for public review and comment by the end of the summer. The Vision Plan will help give focus to many other efforts and projects throughout the city, for years to come.
