

## ***YOUR FUTURE NEEDS YOU!***

### ***COME JOIN A FOCUS GROUP AND REAP THE BENEFITS!***

*With over 350 townspeople's stories, collected by the Golden Vision 2030 project team, we are ready to begin listening to these stories to learn more about what the collective community values for the future of our town. We need all members of Golden to help listen to our stories!*

#### ***What is the Purpose of this Activity? Why is this Important?***

Simply put, in the focus groups you will be listening to stories to identify values (with some guidance from our trained facilitator). Involving as many people as possible in this process ensures us that we will gain a diverse perspective on what's important to residents as we head into the future. If we can collectively identify what matters most, then public policies can be tailored to honor our heart and soul and align with what we want for the future of our community.
