Please give any comments for improvement in order to help our program, our counselors and our community to be a success.

You all are amazing, we are so grateful for you!!!

We absolutely love you all - Payton is so excited to come each day. Thank you for making this possible.

The counselors did an awesome job! We also appreciate how flexible Connie and Julie were.

This was a hard year, but you continued to create a positive and warm environment for the kids. Thanks.

No additional input comes to mind. I appreciated all the hard work that went into hosting camp this summer

I think the camp staff and counselors did an awesome job given the COVID restrictions. They were creative and made it fun for my son.

your program is awesome

We appreciate your persistence and availability this summer in the midst of COVID-19

I don't have any comments for improvement but I will say that this camp was so awesome! Sloan came home every day asking if she was going back the next day. Julie and Connie were so accommodating and quick to respond to emails. We can't wait to go back next summer and hopefully over school breaks!

Hopefully we won't be in the same situation next summer, but more walking field trips and explorations could have been beneficial to allow the kids to feel like they were getting out more and going on field trips. Slip n slide or water play instead of going to pool would have been nice too.

None at this time. Thank you for everything!

Julie and Connie are great!

My child did not say that her class did many of the planned activities on the schedule sent out.

More outside time. Get the city to give you a park all day. Set up tents. Have a bike day. Keep them outside.

Appreciate your commitment to our children

Thank you

Well done on executing on a safe yet fun summer program, it was such a gift to the kids (and their families) to have some sense of normalcy, not to mention fun and play time with friends and favorite teachers. Thank you, thank you. Please stay well and we so appreciate your efforts this summer.

Thank you for organizing this camp during the havoc of Covid-19! You were all so friendly, and created a safe environment for the kids. My daughter had so much fun. She also liked all the different themes each week.

I loved how easy it was to communicate with staff about schedule questions or changes, my children really seemed to enjoy camp and loved the staff members.

Thank you for making this such a great experience. I know you had to do so much to make it as safe as possible. We are so grateful!

The only thing that was challenging in our current times, was not being able to see where he was/what he was doing and speak with his counselors each day to hear specifics about how the day went for

him, but all understandable in this current climate. He really enjoyed his time, and especially liked the counselors Rex and Lexi.

It was just about perfect. Thank you for taking the stressful childcare part of our summer and easing all our concerns. We are so grateful.

We love GCC summer camp. Thank you!!

Isabella Simon had so much fun everyday. And was sad when she heard it was ending. She spoke highly of all the camp staff and counselors. Thank you for keeping her safe and entertained. Celia Loved the outside time; would have liked more walks around Golden and more info about the themes

This summer was especially hard for all I'm sure! One suggestion is creating more variety and especially with outdoor activities, such as exploring or scavenger hunts. Also more interesting/challenging art and crafts. (I got the same story nearly every day about what was done that day - admittedly that could have just been my child's inability to remember and/or articulate everything!) Overall it was great and appreciate that we had options outside the house!!

Love the camp. So glad you offered it this summer
Having COVID ratios has been memorable for my child in making friends and being engaged with activities and the relationships with the counselors especially Mr. Marty and Miss Amanda!

Thank you for your time! Your input is greatly appreciated and welcome at any time.

Sincerely,
Camp Staff 😊
