

City of Golden-Form Type Review Report: Cottage (Sections 18.29.331-332)

Submission Requirements:

1. Property survey illustrating all lot dimensions and dimensions of all existing structures on the property. In some cases, an ILC or Plot Plan may be sufficient, as determined by the Director.
2. Site Plan showing compliance with the applicable elements of chapter 18.29 of the municipal code including, dimensions of proposed structures to scale, landscaping, access, parking, and fencing.
3. Illustrative elevations of all sides of any new structures to scale that include materials, colors, manufacturers, heights, locations of windows, doors, trim and other architectural elements.
4. If addition of over 25% of conditioned square footage or a new principal structure, submit a sustainability menu checklist addendum for the new square footage.
5. If proposing an accessory dwelling unit, submit that checklist in addition to the 18.29 form type analysis.
6. If requesting a minor adjustment, please add a narrative for that request.
7. If requesting a major adjustment, please add a narrative for that request.

Cottage Instructions: Fill out all applicable information for the proposed form type for each proposed cottage. The existing column is only used if adding on to an existing structure.
