Golden Downtown Development Authority  
September 15, 2014 Meeting  
6:30 PM  
911 Tenth Street, Golden, CO 80401

I. Call to Order

II. Roll Call

III. Approval of Minutes—Business Meeting of August 18, 2014

IV. Public Comment

V. Business
   a. Public Works Presentation
   b. Draft DDA Plan
   c. Preliminary 2015 Budget
   d. Discussion of DDA Administered Programs and Grants
   e. DDA-GURA Joint Funding Agreement

VI. General updates

VII. Commissioners Concerns

VIII. Staff Report
   a. Miners Alley
   b. Power washing

IX. Public Comment

X. Adjourn

The Golden Downtown Development Authority does not discriminate on the basis of race, color, national origin, sex, religion, age or disability in the provision of services. For disabled persons needing reasonable accommodation to attend or participate in a city service, program or activity, call 384-8017 as far in advance as possible. Disabled access is available from the front entrance of City Hall.
Memorandum

To: DDA Board of Directors
From: Steve Glueck, Executive Director
Date: September 10, 2014
RE: Meeting Memo for September 15, 2014 meeting

This memo will provide background information on selected items to be discussed at the upcoming DDA meeting.

**Public Works Presentation**—Staff from the City of Golden Public Works Department will provide the DDA board with a general overview of department’s primary projects. The US Highway 6 and 19th Street project will be discussed in-depth as it will serve as a gateway into downtown Golden as well as accommodating the needs of pedestrians and cyclists to circulate to and from area neighborhoods into the downtown area. The DDA board will have the opportunity to ask questions of the Public Works staff.

**Draft Plan**—On Wednesday, September 24 staff will attend the Planning Commission study session to get additional feedback on the DDA Draft Plan of Development, prior to the Planning Commission public hearing on Wednesday, October 1, 2014. Staff will also provide a briefing to City Council in study session on September 25th. Presented before you is the draft plan. Staff is asking the board for small suggestions, keeping in mind that the three to five year action plans will include more detail about fulfilling community goals. The board is encouraged to attend both the Planning Commission study session and the public hearing. The council discussion will likely be late and can also be viewed on line and cable channel 8.

**Preliminary 2015 Budget**—Staff has prepared a draft DDA budget for 2015/2016 that includes potential expenditures and revenues. There is some flexibility to change the amount that is funded to DDA administered programs and grants. As a board discuss the amount of DDA funding that should be allocated to each program and grant line item. It is important to note that $105,000 has been slated for infrastructure management and another $80,000 has been allocated for business assistance and community grants.

**DDA Administered Programs and Grants**—Included in your meeting packet is a listing and description of potential programs and grants the DDA might administer. As a board, your discussion to assign a contribution amount to each program and/or grant category is requested. Of course we need to make sure not to exceed the allocation funding amounts for both infrastructure management and business assistance and community grants, without making adjustments elsewhere.

**DDA-GURA Joint Funding Agreement**—After much input from the DDA board, GURA board, Dave Williamson DDA legal counsel, and Carolynne White GURA legal counsel, the DDA-GURA Joint Funding Agreement has been finalized. The primary purpose of the agreement is to provide framework for how the DDA and GURA should administer the downtown legacy fund. On Monday, September 8 the GURA board approved this agreement. It is suggested that the board takes action on this agreement, by adopting the Resolution approving the Agreement.
Staff Report:

1. Miners Alley Paving Project – The change order to Fasick Concrete for Miners Alley paving from 11th to 13th Streets is on Council’s agenda for September 11th. The project should still occur this fall. DDA and City staff will work with business that will be impacted by this project to ensure proper notice is given and what to expect during this project.

2. Washington Avenue Repaving - Weather permitting, Washington Avenue will be repaved from 11th Street to 14th Street. Access to businesses along Washington Avenue will be maintained, except for a brief period of time in which construction activities will occur in front of the particular business. Notice has been given to businesses and residents that might be impacted. While Council did not choose the “Option A” idea to replace asphalt with pavers for the edges, they are still interested in the idea of flexing space on a temporary or seasonal basis. Ideas for items like movable planters or other ways to define space are being investigated for presentation to the GURA and DDA boards.

3. The Downtown Parking study draft report may be available for distribution by the meeting date. Staff will provide updates.
Downtown Development Authority  
City of Golden, Colorado  
Business Meeting  
August 18, 2014

The Downtown Development Authority of the City of Golden, County of Jefferson, State of Colorado, met on the above date in the City Council Chamber 911 – 10th Street, Golden, Colorado, at the hour of 6:30 p.m. Commissioners present were:

<table>
<thead>
<tr>
<th>David Anderson</th>
<th>Dean deBenedet</th>
<th>Dean Valdez</th>
<th>Ed Dorsey</th>
<th>Lisa DeCaro</th>
</tr>
</thead>
</table>

Commissioners Narva and Behm were absent. Executive Director Steve Glueck, Redevelopment Specialist Aleah Menefee were present. Members of the public included Roy Banks, Eileen Banks, and Doug Miller.

Ed Dorsey called the meeting to order at 6:32 p.m.

Approval of Minutes –
Dorsey called for a motion to approve the business meeting minutes of July 21, 2014. **DeCaro MOVED to approve the business meeting minutes. deBenedet SECONDED. All Commissioners present agreed.**

Public Comment – Eileen Banks introduced herself and mentioned that she a key stakeholder in the development of Lots 2 and 4. Banks is not in favor of the cash in lieu option that was approved by City Council on Thursday, August 14, and will continue to promote the idea that a development of her property and the GURA lot should be negotiated with her family.

Commissioners Concerns:
- **Anderson—none**
- **deBenedet—none**
- **Valdez—none**
- **Dorsey—none**
- **DeCaro—none**

Regular Business –

**DDA Plan of Development Update**—City and DDA Attorney, Dave Williamson added more information about the TIF structure in Chapter 6 of the plan that discusses financing mechanisms. On August 6, Planning Commission commented on the draft version of the plan and made some suggestions. The majority of the discussion with the Planning Commission included comments that the strategies in each focus area could be reordered to aggregate similar type and magnitude strategies. deBenedet asked how the survey results might shape the priorities. The board came to the conclusion that the survey was just one component of shaping the plan. Valdez likes the plan thus far and considers the action plans as having more details. The board went through each challenge and focus area and discussed what needed to be changed. Any other suggestions must be submitted to Menefee no later than Monday, August 25 so that the plan can be sent out for public comment.

**Holiday Lights**—Staff presented information about the logistics and costs associated with the holiday lights. Next year the contract for the lights will most likely go out to bid to get a more competitive quote to install and remove the lights. Currently, A Cut Above is the company that installs and removes the lights. The costs span over a two year budget period. Installation is in one year, and removal costs are budgeted for the next year. A majority of the costs occur during the installation period. Last year the total cost for the holiday lights was $64,000 which will be similar to what is spent in the upcoming holiday season. Discussion ensured about what the DDA will need to do to make the holiday lights a success.
**Capital Improvement Projects**—City Council approved a plan to repave sections of Washington Avenue, however, this plan does not include for flex spaces along the street. This is cheaper alternative and will save GURA around $120,000. This is money that will be added to the Downtown Legacy Fund. The Miners’ Alley paving project will minimize the “V” shaped drainage area, yet still allow for proper drainage to reduce the flood risk for businesses along the alley. Stamped concrete will be incorporated into this project. There are several items that need to be completed before the Washington Avenue streetscape can be completed between 14th and 18th. The planned streetscape includes better pedestrian connections and improved parking to meet current sight distance standards. Before the GURA board funds this project the board wants to know the actual speeds along Washington Avenue, if back–in parking is a good solution in this area, and the overall costs for this project.

**DDA-GURA Joint Funding Agreement**—Glueck made small changes to the funding agreement based on comments made during the July joint GURA and DDA meeting. Some of the revisions include how the Downtown Legacy Fund will be spent. GURA legal counsel, Carolyn White has approved the agreement; however, Williamson still needs to make comments on the agreement. Glueck will bring the agreement for action at the September DDA meeting.

**DDA Communications and Newsletter**—In the meeting packet is a copy of the newsletter that was sent via email to DDA constituents. The email newsletter was a success with a 47.5% open rate in comparison to the industry average open rate of 20%. In the future the newsletter will be sent on the second Wednesday of every month and feature DDA updates and resources for business. The newsletter is just one part of how DDA information will be distributed. The board offered suggestions and comments about communications ideas.

**Adjourn**
There being no further business, Chair Dorsey called for a motion to adjourn the meeting. DeCaro MOVED to adjourn the meeting. Valdez SECONDED. All Commissioners present agreed. Dorsey adjourned the meeting at 8:50 p.m.
Golden Downtown Development Authority
Plan of Development
2014
EXECUTIVE SUMMARY
1. INTRODUCTION
2. GOLDEN DOWNTOWN DEVELOPMENT AUTHORITY
3. COMMUNITY VISION/DIRECTION
4. CHALLENGES & STRATEGIES FOR ACHIEVING DOWNTOWN GOALS
5. PLAN REVIEW AND UPDATES; ACTION PLANS
6. FINANCIAL INFORMATION

APPENDIX A: EXAMPLE TAX INCREMENT FINANCED PROJECTS
APPENDIX B: SUMMARY OF SURVEY INPUT
APPENDIX C: ESTABLING ORDINANCE 1946 & LEGAL DESCRIPTION
This Plan of Development for Downtown Golden is a guiding document to help direct the continued successful economic and social vitality of downtown Golden. It builds on (and follows in the footsteps of) the 1989 Urban Renewal Plan, as well Golden Vision 2030 (GV 2030), and the 2011 City Comprehensive Plan, 2008 Downtown Character Plan, and 2012 East Downtown Plan, as they may be updated in the future. It will serve as the main guiding document for the Golden Downtown Development Authority (DDA) and the specific programs and projects initiated in the effort to achieve and maintain the downtown area in accordance with Golden Vision goals and community values.

The Plan of Development builds upon the broader direction of GV 2030, and the above mentioned adopted policy documents. This plan takes that policy guidance and identifies specific strategies in a number of policy and program areas intended to further our Golden Vision community goals as they relate to downtown.

As such, the DDA’s mission will be to focus available resources and community energy toward the continued enhancement and vitality of our downtown area. In doing so, the DDA will concentrate its efforts and resources in four specific areas:

1. Business vitality and support
2. Community character and culture
3. Public spaces and infrastructure
4. Land use and transportation

Chapter 4 of this plan contains downtown vitality strategies in each of these focus areas. In addition to these goals and strategies, the DDA board will periodically prepare shorter term action plans with detailed programs and projects to further the goals and strategies contained herein.
In 2012, the Golden City Council appointed a citizen and business task force to evaluate the implications of the anticipated 2014 conclusion of the Golden Urban Renewal Authority (GURA) project for the downtown area. First approved and initiated in 1989, GURA’s downtown project had been very successful in catalyzing positive redevelopment projects, as well as creating and implementing business and community support projects and programs. City Council requested a recommendation for the best entity or strategy to “keep this good thing going”. In the spring of 2013, the Downtown Development Committee presented its recommendation to City Council that Golden ask eligible electors in the downtown area to approve the creation of a Downtown Development Authority, pursuant to the provisions and authority of Title 31, Article 25, Part 8, Colorado Revised Statute (CRS).

The Downtown Development Committee had considered a range of options, including a City directed and funded effort and a business improvement district or other similar types of organizations. In the end, the DDA structure was recommended as the most focused and effective model to continue our community success, with a sustainable and predictable fiscal model. In July 2013, City Council passed Ordinance 1946, establishing the Golden Downtown Development Authority, subject to approval by downtown electors. The November 2013 vote to establish the Golden DDA was approved by a significant majority of votes cast, including the questions regarding the Tax Payer Bill of Rights (TABOR) question, authorizing the use of bonding, and the implementation of a 5 mill property tax to support DDA programs.
The DDA board was seated by City Council in March 2014, and immediately began two main efforts:

1. The transition of programs and projects from GURA such that the DDA board will be solely responsible for determining which programs to continue and evolve; and

2. The development of this Plan of Development to set the stage for the next generation of strategies and efforts to make downtown Golden the epitome of the Golden Vision goals and values.

This Plan of Development will synthesize the land use, infrastructure, and urban design directions in adopted City policy documents with economic vitality strategies and programs to continue GURA’s work, and to continue to realize the potential of our downtown area. The plan also details and documents the very strong fiscal position that the City and GURA created to continue our community vitality efforts, and the manner by which the DDA will be economically sustainable and successful.

The fiscal model incorporated in (and authorized by) this Plan of Development includes the collection and use of property tax increment as permitted by Title 31, Article 25, Part 8, CRS, the use of sales tax increment as agreed upon with the City, and the imposition of a five mill property tax within the DDA boundaries, all of which require the adoption of this plan for enactment. By combining these dedicated revenues with the funding support committed herein by both the City and GURA, our downtown community will be assured of a sustainable, responsive organization committed to downtown’s continued success and vitality.
PURPOSE

CRS Title 31, Article 25, Part 8 provides for the creation of a DDA, “in order to halt or prevent deterioration of property values or structures within the central business districts, or to halt or prevent the growth of blighted areas within such business districts.” The central business district is defined to include “the principal business, commercial, financial, service, and governmental center” of the municipality. The area must also be zoned and used for such purposes. The area to be included within a DDA may be all or part of what has been traditionally the downtown area of the municipality. The Golden DDA was formed in compliance with State of Colorado Statutes and the district boundary is in conformance with the definition of the central business district.

ORGANIZATION

A DDA is a separate corporate body. The creation of the Golden DDA was initiated by Ordinance 1946 of the Golden City Council. Ordinance 1947 allowed the question of establishing the authority to be submitted to a vote of the qualified electors at the next regular election.

A qualified elector is one who is either a resident within the district, a landowner within the district, or a lessee (one who is the holder of a leasehold interest in real property within the district). A landowner or lessee that is not a natural person, such as a LLC or Corporation, could have voted if it designated a representative to cast its vote. The qualified electors within the district voted on November 5, 2013, to create the Golden DDA as organized and defined by Ordinances 1946 and 1947 and to approve a levy of five mills to fund the organization, with a tally of 63% in favor and 37% against the Golden DDA and 54% in favor and 46% against the levy of five mills.

The Board of Directors of the DDA consists of seven members, each of whom is appointed by the City Council. Other than one director that is a member of the City Council, to be eligible to serve as a director one must be a qualified elector, either a person or the representative of a corporate or institutional elector.
Powers

The DDA has power to acquire property, construct and equip improvements, and lease and sell property. The authority also has the power to develop and/or redevelop property within the DDA area. Any acquisition, construction, development, and activities must be consistent with the Plan of Development that has been approved by the governing body of the municipality. This Plan of Development includes suggestions on the design and development of public facilities including but not limited to “streets, parks, plazas, parking facilities, playgrounds, pedestrian malls, rights-of-ways, bridges, lakes, ponds, canals, utility lines or pipes and buildings.” Subsequent documents, in conformance with the guidance of this Plan of Development, may develop more specific design and construction plans for these facilities.

State statutes also explain that a DDA, through its Plan of Development, may provide for the use of property and sales tax increment financing (TIF). Before bonds payable from the tax increment revenues may be issued, the question of issuing the bonds and pledging the tax increment revenues must be approved by the electors of the authority. These approvals were obtained in the November 2013 election for the Golden DDA. A more detailed discussion of tax increment financing and bonding is included later in this Plan.
BOUNDARY

The DDA district boundary is shown on the map on this page. A legal description of the DDA is included in Appendix C of this Plan. Generally the DDA boundary includes the properties between 6th Street and 20th Street generally from west of Washington Avenue east to about Ford Street, although it extends further east and west from 10th Street to State Highway 58.
Downtown Golden has always been the cornerstone of our community character and identity. As we move forward building on our first 150 years, downtown will continue to be the place where the community focuses our primary civic and cultural interactions, as well as many of our economic and recreational activities.

The community values that came out of the two year outreach process known as GV 2030 define the foundation of this Plan of Development as the implementing element of the sequence of evolving downtown plans from the 1989 “Golden Urban Renewal Plan a.k.a. “Golden Downtown Redevelopment Plan” (the “GURA Plan”) forward. Starting with that 1989 GURA Plan, the community has continued to refine our vision and strategies for downtown with additional efforts, whose recommendations are incorporated herein. Foremost among these plans are the 2008 Downtown Character Plan (which addressed a larger area in significant detail), and the 2012 East Downtown Plan that discussed redevelopment opportunities between Prospectors Alley and Ford Street. Also incorporated into this plan will be the recommendations of GV 2030 and the 2011 City Comprehensive Plan.

The results of the GV 2030 project provided community values that the citizens of Golden feel are important in preserving the lifestyle we cherish. One aspect of the Plan of Development is to ensure that the recommendations fit within the context of the guiding principles and values listed in the GV 2030. While not every value can be quantified or regulated, our values can usually be indirectly achieved through the use of quality urban design, public and private investment, and business vitality programs.

The community values and goals created from Golden Vision 2030 are:

Guiding Principles:
- Responsive government
- Controlled and directed change
Golden Vision Values
- An accessible and walkable community
- Active outdoors and the environment
- Safe, clean and quiet neighborhoods
- Support for local business and downtown
- Convenience and community amenities
- Support for our history, culture and education
- A family and kid friendly town
- Friendliness and appreciation of our neighbors
- Our sense of community
- Belonging/volunteerism

In 1989 when the GURA Plan was approved by City Council, Downtown Golden was a very different place than what we see today. Although much has physically changed in the past twenty plus years, what have been preserved are the goals and aspirations of Golden residents. The original GURA Plan identified Clear Creek as a valuable asset for the community as a whole. Golden's image of a small town with a Western feel was something that many residents felt should not be compromised. These visions and priorities of Golden residents continue to resonate today.

The GURA Plan was crafted primarily under the context of mitigating or ideally eradicating blight within Downtown Golden. With over twenty percent of storefronts and office space vacant, Golden had a very serious problem, and yet an opportunity to re-imagine how growth downtown should occur. It was in this context that many of the land use and planning suggestions were made.

In addition to these aforementioned plans, future policy documents and plans may influence how the DDA reprioritizes its goals and strategies. The life cycle of the DDA is thirty years, thus many changes in policy, implementation and design in the downtown areas will occur. One characteristic of the DDA Plan of Development is to make the structure flexible enough to accommodate these future changes.

A comparison of the values and goals of the 1989 GURA Plan and GV 2030 demonstrate how enduring our vision for downtown has been. In terms of stated community values, the two plans twenty years apart are very consistent.
VALUES FROM THE GOLDEN VISION 2030 COMPARED TO THE 1989 GURA PLAN

From a more detailed perspective, there is also a great deal of consensus within the community about the desired character, and feel of the downtown area. The community has consistently embraced the following themes for maintaining and enhancing the character of downtown Golden:

- Maintain the current, small town, and historic character of Golden.
- Balance growth and redevelopment pressures and the need to maintain community character.
- Increase the emphasis on making downtown pedestrian friendly and creating pleasant safe, walkable experiences for residents visiting or living downtown, and those using services.
- Recognize the unique role and importance of the Clear Creek corridor for both downtown and the entire community.
- Preserve as many of the existing core area buildings of historic significance as possible, in part using incentives.
- New buildings should either reflect period architecture representative of the commercial core, or blend in with the historic character of the existing buildings.
- Promote increased housing opportunities (of all types) in the downtown commercial core.
- Recognize that flexibility and/or incentives may be necessary for certain projects to achieve community goals.
- Emphasize recreational gathering places of an appropriate scale for downtown.
- Be a leader in sustainability and environmental initiatives.
- Recognize the need for vibrant and economically vital business and cultural communities for the success of other community goals.
- Recognize the role and importance of visitation and community scale and larger scale events for the culture and economic vitality of downtown.
The DDA’s mission will be to focus available resources and community energy toward the continued enhancement and vitality of our downtown area. In doing so, the DDA will concentrate its efforts and resources in four specific areas:

1. Business Vitality & Support

2. Community Character & Culture

3. Public Spaces & Infrastructure

4. Land Use & Transportation

The next section of this plan contains downtown vitality goals and strategies in each of these focus areas. In addition to these goals and strategies, the DDA board will periodically prepare shorter term action plans with detailed programs and projects to further the goals and strategies contained herein.
In order to work toward achievement of the overall vision and goals described in the prior chapter for the downtown Golden area, the DDA will support, encourage, and implement a series of programs, projects and policy positions, oftentimes in partnership with the City and other agencies, interested groups and land owners. While the detailed descriptions of these implementation efforts will vary over time and from case to case, all of them will be based upon the challenges and strategic directions listed in this chapter. As noted previously, the DDA will also prepare and implement shorter term action plans with a three to five year horizon, to more specifically detail the programs and projects that the DDA will most actively pursue.
As the DDA takes over as the agency entrusted with much of the implementation of our downtown Golden vision, there will be a number of challenging factors that will influence the timing and manner by which implementation efforts are approached. Some of the more significant challenges facing the DDA and downtown area include:

- The DDA will have limited financial resources, especially in early years. This factor will limit the scope and extent of early infrastructure and other public investments.
- There will be incremental increases in costs to maintain expanded infrastructure and public spaces.
- There is a limited “excess capacity” of vehicle parking downtown and a stated public desire that the City should more actively manage the existing supply, and also that the City should find ways to address the impacts of Colorado School of Mines (CSM) spillover parking downtown.
- While access to alternative transportation modes such as walking and biking has improved significantly in recent years, the bus service and connections to existing and planned rail facilities should be improved. This will be an on-going effort, since the system (and available service) is largely controlled by the Regional Transportation District (RTD).

- Compliance with City codes can be a barrier to some projects. This factor is presented not to suggest waivers or reductions in valid code requirements, but rather to acknowledge that infill downtown development is always more expensive than “greenfield” development. Codes often mentioned in this context include:
  - Golden’s residential growth management system (1% growth)
  - The standard code requirement for 25% of building area to be nonresidential use in mixed use buildings
  - The Downtown design standards and guidelines
  - The Sustainability menu requirements
  - Parking requirements
The DDA will be faced with a variety of perceptions related to its efforts including:

- Balancing resident needs with those of businesses
- Addressing the perception that downtown is only Washington Avenue from Clear Creek to 14th Street
- Ability to muster support of residents, businesses, and property owners within the DDA boundaries, but outside the core downtown area for DDA programs and projects
- Potential reaction to the property tax mill levy when implemented

Finally, there are a few operational aspects of the business community that may be a challenge

- Limited retail diversity, other than food/restaurants
- Perceived high rents
- Inconsistent retail hours of operation

The degree to which these challenges will affect the timing or priority of implementation efforts will vary. However, they will likely be relevant factors for years to come. Bearing these challenges and factors in mind, this DDA Plan supports the following four strategic efforts.
Encourage and Support Business Vitality for Both Individual Businesses and the DDA Area as a Whole
<table>
<thead>
<tr>
<th>Strategies</th>
<th>Examples</th>
</tr>
</thead>
</table>
| 1.1 Support and where appropriate establish effective partnerships committed to business vitality | - Form a cohesive downtown support group to leverage the efforts of individual groups including the Chamber of Commerce, DDA, Visit Golden, City departments and the Visitor Center board  
- Support and participate in the Visit Golden program  
  - Have a board seat  
  - Contribute financially  
- Recognize the role and importance of the Coors Brewery Tour, and support and encourage its enhancement and success  
  - Consider tour impacts of infrastructure and transportation projects  
  - Maintain regular contact with brewery tour operators  
- Implement a new improved business attraction and retention program  
- Help encourage an on-going improvement (and expansion when warranted) of downtown events |
| 1.2 Improve and expand downtown business assistance programs as resources allow. The nature and extent of these programs will change over time. In the initial period, they may be a continuation of prior GURA programs, including: | - Business training through partnerships, for example:  
  - Jefferson County Business Resource Center  
  - Small Business Development Center  
- Façade and signage grants  
- Small TIF agreements for certain tenant improvements  
- Community grants |
| 1.3 Implement programs and partnerships to assure the positive enjoyment and experience of our public spaces. Early and on-going efforts may include: | - Expanding the maintenance and cleanliness of public spaces  
  - Power washing  
  - Additional maintenance  
  - Partnerships with businesses using outdoor public spaces  
- Improve signage and directories for downtown  
  - Regularly update directory signs  
  - Consider alternatives for delivery of information as technology evolves |
Encourage and Invest in the Enhancement of Our Community Character and Culture
### Strategies

</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>2.2 Encourage and support private redevelopment proposals in keeping with community values</th>
</tr>
</thead>
<tbody>
<tr>
<td>Actively support proposed developments that include provisions for the preservation of established natural elements, such as old growth trees, creek banks, and terrain that characterizes the Golden landscape</td>
</tr>
<tr>
<td>Maintain the historic scale and character of the area by careful review of any redevelopment projects supported by the DDA. Link redevelopment participation agreements to projects that meet design requirements</td>
</tr>
</tbody>
</table>
Invest in Developing and Maintaining Quality Public Spaces and Infrastructure
### Chapter Four: Public Spaces & Infrastructure

<table>
<thead>
<tr>
<th>STRATEGIES</th>
<th>EXAMPLES</th>
</tr>
</thead>
</table>
| **3.1 Invest in improved public infrastructure in partnership with the City** | □ Improve alleys and adjacent parking and public spaces  
□ Continue to improve the downtown streetscape including:  
• Expansion both north and south along Washington Avenue  
• Bike/ped improvements on Ford Street  
• Side street connections  
□ Fund the installation of improved bike parking facilities  
□ Continue to invest in improved pedestrian connections and facilities with a focus on residential parts of the DDA boundaries  
□ Consider parking solutions for the core area when warranted  
□ Address problematic intersections that are difficult to navigate, for example:  
• Intersection of 14th and Ford and the Jackson Street diagonal  
□ Invest in outdoor performance space                                                                                                                                                                           |
| **3.2 Utilize DDA resources, expertise and influence to affect downtown management policies including:** | □ Balance reasonable use of sidewalks by adjacent businesses and the general public, especially on Washington Avenue  
□ Develop the ability to “flex” the use of on street parking  
□ Work with building owners to redesign awnings and/or remove posts that block the sidewalk corridor  
□ The DDA should actively participate in community decisions about the role and future of the Clear Creek Corridor and our civic uses  
□ Encourage or require more defined access to the creek incorporated into adjacent redevelopment  
□ Plan a Jackson Street plaza or series of public spaces to be implemented with East downtown redevelopment  
□ Work with CSM to address off campus parking impacts                                                                                                                                                     |
Chapter Four: Land Use & Transportation Policies That Support Community Goals
### Chapter Four: Land Use & Transportation

#### Strategies

<table>
<thead>
<tr>
<th>4.1</th>
<th>Work with the City and other agencies to improve our transportation system, and its use</th>

</thead>
</table>

- Improve connectivity to transit and the metro rail system. Where possible focus first on potential lower cost amenities and improvements. Service areas of focus include:
  - Marketing and education for alternative transportation modes
  - Enhanced call and ride service
  - Establish a car share program
  - Establish a bike share program
  - Encourage and build awareness of private “taxi” style support for off hours
  - Seek RTD support for enhanced fixed route (bus) transit
- Promote/sponsor cyclist driver transit safety campaigns

<table>
<thead>
<tr>
<th>4.2</th>
<th>Co-operate with property owners to enhance private investment as related to our downtown vision</th>
</tr>
</thead>
</table>

- Encourage enhanced sustainability in redevelopment agreements
- Encourage workforce housing and diversity of housing choices in redevelopment agreements
- Encourage higher quality design in redevelopment agreements
- Consider appropriate scale redevelopment for portions of the block from 12th to 13th and Arapahoe to Cheyenne streets.
- Encourage preservation of the post office building, allowing change of use and site redevelopment
- Consider a mixed use “west side” redevelopment along Arapahoe to replace surface parking with mixed use and parking
- Create an East downtown that is not intended to be a copy of Washington Avenue, but rather to strengthen the overall downtown area with its own character

<table>

- Address recycling issues with existing commercial businesses
- Address loading issues with commercial businesses
- Evaluate zoning code requirements related to redevelopment
  - Cash in lieu of parking
  - Parking requirements
Chapter Five: Plan Review & Updates

Summary of Strategies

The DDA will use the above strategies and actions in annual and 3 - 5 year work plans directed to maximize community benefit and private investment in the downtown area. The Plan of Development and major goals and focus areas are intended to guide the DDA board in implementing our downtown vision for several years. As such, it is not anticipated that this plan will be amended or updated except as needed. However, in order to assure that specific strategies, projects, and programs continue to meet the community's needs, the DDA will prepare an initial action plan upon adoption of this plan containing specific programs and project focus areas. This action plan will be reviewed at least every three years, and updated as needed with input by Planning Commission.
The Plan of Development, as presented here, relies primarily upon the strength of the central business district to finance the public facilities, renovations, and repairs necessary to maintain and revitalize the area encompassed by the DDA boundary. As the vitality and success of the district improves, funding for projects will increase as well.

The DDA will be funded through a combination of property tax increment financing, an ad valorem (property) tax of five mills, an initial period of sales tax increment financing, and other funds as available.

For the initial start up period, the DDA will receive “seed” funding in the form of grants and loans from the City and the Golden Urban Renewal Authority. The DDA and associated groups may seek out grant funds and private funding to supplement these primary sources of funds. The Authority may also be financed from donations, moneys borrowed, and such other sources as may be approved by the Golden City Council (CRS. 31-25-816(2)). The DDA budget must be adopted annually by the DDA Board of Directors and approved by the Golden City Council.

The City of Golden will create a Downtown Development Authority Fund. All authorized revenue generated for the DDA shall be placed within this fund. Expenditures from the fund shall be for the express use and benefit of the DDA. All interest earned on the deposit or investment of funds allocated to this fund shall be paid into this fund. This fund may also have sub-funds for specific purposes.

Subsequent to authorization of debt and issuance of bonds, the DDA or the City may establish such other funds and accounts as may be necessary or advisable to service the debt on bonds, loans, notes and advances and to create a debt service reserve to cover a portion of the debt service on bonds, notes, loans or advances.

To accomplish the goals of the Plan in a cost-effective manner, the City of Golden and DDA have entered into a cooperation agreement that addresses direct administrative support to the DDA. The DDA may further partner with City departments and staff for work related to its responsibilities as outlined in this Plan of Development and as is determined appropriate by the City Manager.
**Plan of Development**

Chapter Six: Financial Information

**Tax Increment Financing**

Tax increment financing (TIF) allows the property owners and businesses to feel confident that the tax dollars they pay will be directly reinvested back into downtown for the benefit of the businesses and properties that generate those tax dollars. It is a system designed to create a positive cycle of reinvestment in downtown districts that have been faced with a significant period of disinvestment. It is a system that does not harm other taxing districts, but is designed to prevent further declines in revenues to those entities and provide a catalyst for property values and sales to increase throughout the community.

Using TIF (and other available) revenues, the DDA can invest in programs and public amenities that encourage redevelopment or new development and can also provide direct contributions to facilitate new private development.

For example, the funds generated from a new development can be used to build a public plaza and road improvements to improve circulation that helps make a new development possible. Another possibility is that the DDA might work with a developer to establish an agreement that would provide some public amenities adjacent to a new development such as a plaza or pedestrian mall in order to incentivize that new development. The DDA may also acquire land, demolish a structure, and convey the land to a developer to facilitate a new development project. The DDA may be subject to appropriations, contract to rebate a portion of its’ future tax increment revenues back to a project under a specific Owner Participation Agreement to defer the cost of certain improvements, and improve the financial viability of a desired development or redevelopment.

The DDA may also use TIF (and other available) revenues to provide assistance to property owners.

owners who want to rehabilitate or expand their property. An example of this type of assistance might be a façade improvement loan program.

**Property TIF**

Property tax increment financing on all taxable real property within the DDA district boundary is authorized, and shall be immediately implemented, all in accordance with Section 31-25-807(3) CRS, and as that statute may be subsequently amended. The intent of this authorization is to implement TIF on taxable property to the maximum extent permissible under Colorado law.

**Sales TIF**

Sales TIF on City of Golden uncommitted municipal sale taxes collected within the DDA district boundary is authorized, and shall be immediately implemented, all in accordance with Section 31-25-807(3) CRS, and as that statute may be subsequently amended, subject to the following limitations, restrictions and conditions:

- Unless extended by agreement with the City of Golden, all Sales Tax TIF shall terminate on December 31, 2024.
- The Sales Tax TIF revenue shall only be based upon City of Golden sales taxes, and shall not affect county, state, or sales taxes levied by any other entity.
- The City of Golden sales tax revenues generated by the 1% sales tax approved by the electors of Golden in the November, 1991 regular election, was dedicated and committed to construction of capital improvements and a statutory sales and use tax fund, and shall not be used in determining any sales tax increment under this Plan.

The revenue generated by this 1% capital improvement sales tax is therefore “committed” and shall not be considered a “sales tax” for the purpose of this agreement.

- Any future increases in the rate of City of Golden sales tax rate shall not increase the increment due to the DDA.
- After calculating the sales tax increment as set out above, 50% of the calculate increment shall be transferred to and available to, or for the benefit of the DDA. The balance shall be retained by the City of Golden for its general fund.
- Although the sales tax TIF is to be calculated and paid on an annual basis, the City of Golden may, in its discretion, make estimated quarterly transfers of the anticipated annual sales tax increment due to the DDA, with a reconciliation to be conducted annually. This Plan of Development outlines the type of projects that may be undertaken with TIF revenue in accordance with CRS 31-25-807. Included in the Appendix are examples of property tax and sales tax TIF projects previously approved in the DDA area by GURA during its’ plan period. These examples demonstrate how TIF is an important tool to increase overall and individual value in the downtown district.

**Mil Levy and Other Funding Sources**

The eligible voters within the DDA were asked whether or not they approved of an ad valorem tax on property within the DDA boundary to fund the organization. The eligible voters in the district approved this source of funding with a 54% approval rating.
Based upon the vote, City Council may assess the additional ad valorem tax up to a maximum of 5 mills. The proceeds from such levy are used together with other revenue sources to fund budgeted operations of the DDA, including capital projects, business and community vitality programs, necessary studies and promotional activities, and administration.

The DDA Board may impose rates, fees, tolls, rents, and charges for use of DDA property (or property under its control) in accordance with Section 31-25-808 CRS, as that section may be amended. The DDA may also receive revenue from other governments and may borrow money using TIF and other revenues to repay the loans. A DDA has no independent taxing or eminent domain power. The DDA, as a separate corporate body, may also apply for grant funding from federal, state, or private sources.

**Bonding**

Based upon the positive vote on November 5, 2013, City Council may on behalf of the DDA issue bonds for specific projects based upon anticipated tax increment revenues for repayment. This authority to issue bonds is subject to prudent fiscal evaluation, and likely would not be considered until there is substantially more history and assurance of the tax increment revenue stream to commit to repayment.

**Financial Allocation**

This section includes an overview of how the DDA will allocate revenue from the sources listed above. Generally, the mill levy revenue will be used to operate the DDA organization. There will always be a strong emphasis on maintaining low overhead and administrative costs. For that reason, mill levy revenue beyond what is needed for operations will be used for projects and programs to benefit area residents and businesses. Because the DDA anticipates a mill levy as a source of funding, other local government and districts affected by the TIF can be comfortable that those incremental revenues are going directly into economic development and business support efforts in the downtown district and are not being used to fund administration or personnel.

Revenue that comes from the sales and property tax TIF will generally be used for district-wide economic development efforts, physical improvements in the district, and redevelopment agreements to support private development that benefits the district.

Grants, loans, and other sources of funding will be used for project-specific purposes. In most cases, these sources of revenue have terms that dictate how the money can be used. As needs arise and specific projects are identified, the DDA will search for funding sources that can leverage local dollars for a larger impact.
Appendix A: Gateway Station Redevelopment

The former Hesteds site was home to a neglected department store along with a dry cleaning site that had PCE soil and ground water contamination. The site remained largely vacant for close to twenty years.

Thanks to TIF, the once neglected site is now home to a 5 story mixed-use redevelopment that has:

- 35 downtown residences and over 16,000 square feet of new commercial space along Washington Avenue.

To accommodate existing as well as future parking demands, GURA built a $4.5 million public parking structure adjacent to Gateway Station with over 250 parking spaces.

Some highlights of the project include:

- GURA contribution of $7 million
- Private contribution of $18 million
- Increased property tax revenue of over 1680% from $18,279 in 2007 to $307,554 in 2010
- EPA Brownfields program grant of $200,000
- 2008 recipient of Governor’s Award for Excellence - Best New Construction
- Free public parking garage
When Bent Gate Mountaineering opened in 1994, it led a niche market in downtown Golden. By taking advantage of the great rock climbing and mountaineering in the area, Bent Gate sold premium outdoor gear and before long outgrew its original store.

Relocation to a building on Washington Avenue presented the company with many challenges both structurally and financially.

Today, Bent Gate is the darling of downtown retail in Golden. Boasting more than 6,500 square feet of retail space, Bent Gate has a strong national client base. As a leader in sustainability it has a recycling program and recently upgraded its interior lighting systems with LED bulbs that not only better showcases their merchandise but considerably reduce energy consumption.

Project highlights include:
- $675,000 of private contribution
- $77,000 in sales and property tax Increment
- Sales tax revenues have increased 704% since 2003
- Recent interior lighting upgrade to energy efficient LEDs
**Survey Background Information**

Downtown property owners, residents and businesses voted to create the Golden Downtown Development Authority (DDA) in the November 2013 election. Following the election, the DDA was established in 2014. The DDA board is in a position to ensure that downtown continues to be the heart of the community, while providing benefits to property owners, merchants, and residents.

One of the main initial tasks of the board is to prepare and submit to the City a “Downtown Plan for Development”. This plan is required by state statutes, prior to the DDA collecting any tax increment revenues or property tax assessments. Since we are fortunate to have detailed and current policy plans for downtown, this new plan will not attempt to redefine the goals and general policies for downtown. Rather it will focus on implementation strategies that the DDA can positively influence in coming years. While there is a great deal of consensus within the community about the desired character, and feel of the downtown area, input was needed for how the DDA should allocate its resources.

In order to collect feedback an initial stakeholder meeting convened on Wednesday, June 25, 2014 where attendees were introduced to the challenges and focus areas of the DDA. Approximately 45 people attended the meeting, and many shared their thoughts for the future of downtown Golden.

An online survey was also developed to gather feedback from those that could not be present at the initial DDA stakeholder meeting. A link to the survey was distributed via handouts, the DDA and City of Golden websites, and email blasts to constituents. The constituents included merchants, residents and commercial and residential property owners. With these efforts, over 60 people responded to the online version of the survey.

It is important to note that both the survey at the stakeholder meeting and the online version were identical. Each respondent was asked to indicate which challenge or strategy presented was of high, medium, or low priority. The survey along with the results are shown in the following pages. For clarification, the number in each box represents the combined total of those that responded at the initial stakeholder meeting, and people that completed on the online survey. The DDA values this input as it will help identify the best approach to the community’s concerns.

</tbody>
</table>
• The downtown corridor is becoming nothing more than restaurants and bars. With that comes problems. More police on bicycles and on foot if we are to become a bar city. Sidewalks should not be used for patios with alcohol consumption. Drinking should not be the primary services provided to downtown visitors. Our children and grandchildren should be able to walk down Washington Avenue without being bombarded with alcohol consumption everywhere on the sidewalks. Children imprint and think that is cool when it is not.
• Less road closures for events. It is not conducive to all business to have to close so frequently. All businesses should have to sign for road closures for ALL events. Recently only a few petitions to close the street have circulated and more and more events are closing downtown streets creating traffic and parking nightmares for the businesses.
• I think it is important that we create a truly mixed-use environment, allowing for people to live in the downtown area. (above the retail, etc.) So lets try to limit the amount of noise, proliferation of roof top bars, entertainment districts, etc. or we will only discourage any kind of residential use which is so important for the vitality, success and sustainability of our town. JUST CAN’T HAVE BOTH NEXT TO EACH OTHER!
• Thank you and good luck in the coming years, we all love Golden I think parking and both car and pedestrian traffic are the biggest problems downtown. I don’t like to go downtown anymore because of that. It’s hard to find parking and there are so many pedestrians that it’s hard to drive across intersections. I feel like I live in Estes Park--there are so many people downtown on weekends. And the motorcycle noise makes me hesitate to go downtown as well.
• Walking downtown from home is not an option because it’s too steep--I live on the side of N. Table Mountain.
• I REALIZE THAT NOT ALL THINGS CAN BE ADDRESSED AS HIGH PRIORITY HOWEVER, THERE ARE SOME OF THE QUESTIONS THAT INCLUDE TOO MANY “THINGS” AND THEREFORE I WOULD PREFER THAT ONE MIGHT BE HIGH ON THE LIST WHILE ANOTHER COULD BE OF A LESSER PRIORITY.
• I would LOVE to see the alleys enhanced. Including those all the way from 19th to 8th. They are more used than people realize and some are embarrassing they are in such bad shape. But overall we have a great little city and the citizens work hard to make it attractive.
• I feel that it is very important to gain the residential support for the DDA by balancing improvements to residential vs commercial even if it is at a scale of 4:1 equal to the tax collection. I also wondered if a pedestrian mall would ever be considered for Washington even if it is only on the weekend. This could solve a small part of the parking problem by using side streets that feed into Washington for parking. the east corridor (east of Washington) is vital to grow city revenues, yet attention always ends up back at improving Washington. This needs to stop immediately...
• Jackson, 12th, 13th areas need redevelopment and growth desperately.
• The Buffalo Rose is an embarrassment to Golden; it keeps Golden adequately supplied with drunk car and motorcycle drivers, is an obnoxious and noisy place, and does not reflect any community values that I believe Golden should promote. A significant improvement to downtown Golden would be to replace the entire building with green open space. And the food is terrible.

• Please resurface miners alley i find it VITAL to ensure that any new development projects show designated private areas for Deliveries and trash and recycling - the current use of the alley’s are maxed and cannot support further adjacent development adding more stress! Particularly the alley to the east of Washington between 12th and 13th!

• This survey was somewhat confusing for this uninvolved but fairly well educated citizen, re approach of survey for priority of “negative” priorities and use of jargon. Many of these questions/issues can be construed in opposite ways depending on the perspective of the individual and consequently the response(s) don’t definitively establish much. e.g.: “Improve alleys and adjacent parking and public spaces”. High, if meaning improving alleys for use as alleys and parking for parking. “Low” if meaning improving alleys and adjacent parking for “parties” and other pedestrian recreational pursuits and amenities. I question what the results of this survey will actually mean or prove. Great survey, thoughtful questions, but difficult to understand the resources, opportunities, and trade-offs involved.

• New development approval should be done in 3D, and fit into a Downtown-wide 3d model, so that everyone (residents, business, visitors, and decision makers) can actually see the impact, see the parking, see the character. That will help maintain consistency, and continue to plan appropriately to balance all of these challenges.

• I am not opposed to bicycle riders in Golden. In fact it adds to the allure of Golden being a healthy place to live. However, traffic congestion is a problem on Ford between 10th and 14th due to the one lane access for cars. The bike lanes need to be reassessed or reduced. Also encourage bike riders to ride single file. Day to day Golden has more car traffic than bikes, so let’s re-evaluate what our priorities are and plan accordingly. Thanks for listening.

• Do bicycle races, and car shows make enough income for local businesses to outweigh the fact that residents are completely cut off from ALL retail grocery stores. I have had it. Two weekends in a row of not shopping, no longer worth it for this 38 year golden resident!!! My wife and I am no longer going to drive into golden for any reason. I will find places in Arvada or Lakewood to shop, get my hair cut, find new places to eat, because tourist money is more important than local money. I am even researching Arvada schools for my two young boys. want some advice, ask your residents if they want thousands of bikes blocking up there roads, and people using their driveways as a bathroom, before you plan these events. Concentrate on roads and business, not silly weekend events and festivals. Thank you for putting up warning signs for the bike race, more warning about “hey you don’t want to go to town today” might have helped.
Additional Comments

- Do bicycle races, and car shows make enough income for local businesses to outweigh the fact that residents are completely cut off from ALL retail grocery stores. I have had it. Two weekends in a row of not shopping, no longer worth it for this 38 year golden resident!!! My wife and I am no longer going to drive into golden for any reason. I will find places in Arvada or Lakewood to shop, get my hair cut, find new places to eat, because tourist money is more important than local money. I am even researching Arvada schools for my two young boys. want some advice, ask your residents if they want thousands of bikes blocking up there roads, and people using their driveways as a bathroom, before you plan these events. Concentrate on roads and business, not silly weekend events and festivals. Thank you for putting up warning signs for the bike race, more warning about “hey you don’t want to go to town today” might have helped
- These seem to have been comments as opposed to questions. Comments very vague and too wide open to develop an effective downtown. If you expand, definitely consider more parking as CSM students are taking over downtown parking.
- Motor cycles that don’t use mufflers are very irritating to visitors and residents, is there not laws that prohibit this problem? If so why are they not enforced?
- Please think outside of the box of Washington Street (it will benefit all including Washington).Example; if we are blocking streets for an event, block a square of streets around Washington (not just Washington). That will expand visitors thought/shop pattern.
- Please add a ramp or other solution to the sidewalk on the south east side of 11th and Washington. It’s so difficult for bikes, strollers and wheelchairs to negotiate those steps onto the sidewalk. I would love to see part of Washington St. pedestrianized, even if only seasonal. Put in more one ways so the traffic flow is better.
- I’m loving all the new bike paths and commend you on the wider sidewalk going east of Coors Ceramics on Ford St.
- A MAJOR CONCERN IS PRIOR PLANS FOR CLOSING PORTIONS OF JACKSON BETWEEN 12TH AND 13TH AND REDUCING TRAFFIC ON WASHINGTON. ARE THERE TRAFFIC COUNTS FOR JACKSON BETWEEN 11TH AND 14TH ON JACKSON AND WASHINGTON STREETS? WHERE WOULD TRAFFIC GO, IF REDUCED ON WASHINGTON AND STOPPED ON JACKSON? THERE ARE EXISTING BACKUPS ON FORD.
- Please address the walk signals on Washington - they are absolutely awful and they discourage pedestrians in a town where we say we cater to pedestrians.
- Bring back the “Prospector and Burro” sculpture to Washington. This sculpture represents the western heritage of Golden. Place the “Bike Racer” sculpture on the Washington St. bridge or near the park.
- Art & entertainment draw locals and day-tourists to downtown. I’d like to see more events that promote the arts & outdoor entertainment. Also - one thing Golden is STILL missing is an art-house movie theater! I would like to see the DDA support the performing arts venue of Miners Alley Playhouse. It is a vital theatre company in Golden that brings additional revenue to the downtown area. An anchor theatre company can greatly enhance the culture and viability of a community.
ORDINANCE NO. 1946

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF GOLDEN APPROVING CREATING AND ESTABLISHING THE GOLDEN DOWNTOWN DEVELOPMENT AUTHORITY AND DETERMINING ORGANIZATIONAL ASPECTS OF THE GOLDEN DOWNTOWN DEVELOPMENT AUTHORITY

WHEREAS, the City of Golden, Colorado (the "City"), is a municipal corporation duly organized and existing as a home rule city under Article XX of the Colorado Constitution and under the Charter, as from time to time amended, of the City (the "Charte" ); and

WHEREAS, all legislative powers possessed by the City, conferred by Article XX of the Colorado Constitution, except as limited by the Charter or otherwise existing by operation of law, are vested in the Council of six Councilors and the Mayor, also known as the City Council (the "City Council"); and

WHEREAS, the funding for the Golden Urban Renewal Authority, formed in 1989, will expire upon the payment of 2014 property and sales taxes in 2015 which will result in an absence of long-term, dedicated funding to continue to maintain the amenities, levels of service, and beautification, and continue projects to redevelop and revitalize the City’s downtown as have existed over the past two decades; and

WHEREAS, by Resolution No. 2204, dated August 16, 2012, the City Council established the Downtown Development Task Force (the “Task Force”) made up of downtown property owners, business owners, and residents to study the creation of a downtown development authority and make recommendations to the City Council; and

WHEREAS, the Task Force has considered and evaluated various legal entities to finance and oversee future downtown projects and has recommended that the City Council approve, create and establish a downtown development authority in the City; and

WHEREAS, based upon the Task Force’s recommendation and other evidence presented at the public hearing, the City Council hereby determines that it is prudent and necessary to establish the Golden Downtown Development Authority (the “Authority”) which will promote the public health, safety, prosperity, security and general welfare in order to halt or prevent deterioration of property values or structures within the downtown, will halt or prevent the growth of blighted areas within the downtown and will assist in the development and redevelopment of the downtown and in the overall planning to restore or provide for the continuance of the health of the downtown, and that it will be of special benefit to the properties within the boundaries of the Authority; and

WHEREAS, the City Council hereby determines and establishes the Authority and the boundaries of the Authority and, pursuant to Part 8 of Article 25 of Title 31, Colorado Revised Statutes (“C.R.S.”) (the “Downtown Development Authority Act” or “Act”) and the Charter as applicable, subject to approval by the qualified electors (as that term is defined in the Act) at an election to be held pursuant to the Act, and to that end, has concurrently herewith approved in Ordinance No 1947, for submittal to the qualified electors (as that term is defined in the Act) of the area described herein at the election to be held on November 5, 2013 in the City, the ballot questions set forth therein; and

WHEREAS, in 1984, the City Council adopted several ordinances with the intent of establishing, organizing and submitting the question of creation of a downtown development authority to the qualified
electors; however, such downtown development authority was never formed, has no board, never incurred debt, and is inactive, and which, for the avoidance of doubt, the City Council hereby wishes to terminate and states that, consistent with the Act, there shall be only one downtown development authority within the City which shall be the Authority established by this Ordinance; and

WHEREAS, the Board of the Authority (as defined herein) may, with approval of the City Council, adopt within the downtown development area, a plan of development, as modified from time to time ("Plan of Development"), for public facilities and other improvements to public or private property of all kinds, including, but not limited to, removal, demolition, site preparation, renovation, repair, remodeling, construction, reconstruction or other changes in existing buildings and facilities or new buildings and facilities which may be necessary or appropriate to the execution of any such plan which in the opinion of the Board will aid and improve the downtown development area; and

WHEREAS, the Authority shall only be authorized to act pursuant to a Plan of Development after approval of the City Council.

THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF GOLDEN, COLORADO:

Section 1. The above recitals are incorporated by reference in this Ordinance and such recitals constitute findings in support of the following ordaining sections.

Section 2. Subject to the canvassing of returns of the election authorized by Ordinance No. 1947, if a majority of the qualified electors voting on the question set forth in Section 3 of Ordinance No. 1947, cast ballots in favor of the question submitted, then and only then shall there hereby be created and established pursuant to the Downtown Development Authority Act, a downtown development authority in an area of the City described herein to be known as the "Golden Downtown Development Authority."

Section 3. The Authority shall be located within the city limits of the City of Golden, Colorado, in an area whose boundaries are described on Exhibit "A" attached hereto and incorporated herein by reference.

Section 4. The Authority shall be a body corporate with all the purposes and powers now or hereafter authorized by the Downtown Development Authority Act, except or as specifically limited in any Plan of Development approved by the City Council, and all additional and supplemental powers necessary or convenient to carry out and effectuate the purposes and provisions of the Downtown Development Authority Act and such other powers and authority as specifically stated in any Plan of Development approved by the City Council.

Section 5. If authorized in a Plan of Development approved by the City Council, the Authority or the City on behalf of and for use by the Authority, and as a voter-approved revenue change, is authorized to collect and retain, in the year established in the Plan of Development, and in all subsequent years thereafter, whatever amount is collected annually from any revenue sources including, but not limited to, taxes received as described in Sections 31-25-807(3), 31-25-816, and 31-25-817, C.R.S., and fees, rates, tolls, rents, charges, grants, contributions, loans, income, or other revenues imposed, collected, or authorized as described in Section 31-25-808, C.R.S., or otherwise, by law to be imposed or collected by the Authority or by the City on behalf of and for use by the Authority, and such revenues shall be collected and spent without regard to any
spending, revenue-raising, or other limitation contained within Article X, Section 20 of the Colorado Constitution, or any other law and without limiting in any year the amount of other revenues that may be collected and spent by the Authority and the City on behalf of the Authority.

Section 6. The Board of the Authority may adopt a Plan of Development which, upon approval of the City Council, provides for tax increment financing from property tax and sales tax, or both, as authorized by Section 31-25-807(3), C.R.S. This Ordinance shall not be construed to prevent the creation of new urban renewal areas subject to tax increment financing under the Colorado Urban Renewal Law after the effective date of this ordinance within or overlapping the boundaries of the Authority.

Section 7. If a majority of the qualified electors voting on the question set forth in Section 6 of Ordinance No 1947 cast ballots in favor of the question submitted, commencing in 2014 for collection in 2015, the City may impose an ad valorem mill levy not exceeding five (5) mills on all real and personal property within the boundaries of the Authority and for the Authority, to be used for the purpose of paying the Authority’s operations, maintenance and other expenses, as allowed by Sections 31-25-807(3), 31-25-808, 31-25-816, and 31-25-817, C.R.S., and as otherwise allowed by law.

Section 8. The Authority shall be subject to the following laws, as may be amended from time to time:

(a) The Colorado Open Records Act, Part 2 of Article 72 of Title 31, C.R.S.
(b) The Colorado Open Meetings Law, Part 4 of Article 6 of Title 24, C.R.S.
(c) The Local Government Budget Law of Colorado, Part 1 of Article 1 of Title 29, C.R.S.
(d) The Local Government Uniform Accounting Law, Part 5 of Article 1 of Title 29, C.R.S.
(e) The Local Government Audit Law, Part 6 of Article of Title, 29 C.R.S.
(f) The Authority shall be a “Public Entity” as defined by the Colorado Governmental Immunity Act, Article 10 of Title 24, C.R.S.
(g) The Golden Municipal Code and the Charter, as amended.
(h) Other applicable law.

Section 9. The Finance Department of the City on behalf of the Authority shall annually submit a budget to the City Manager for administrative review in accordance with the policies of the City no later than October 1st of each year before the budget is submitted to the City Council for approval pursuant to 31-25-816, C.R.S. The Finance Department of the City on behalf of the Authority shall maintain accounting records and records of transactions for the Authority. The Finance Department of the City on behalf of the Authority shall invest any funds not required for immediate disbursement in legal investments for public funds authorized by the City’s investment policies or pursuant to Colorado statute and to deposit any funds not required for immediate disbursement in any depository authorized pursuant to the City’s investment policies or pursuant to Colorado statute.
Section 10. The operations of the Authority shall be principally funded from the following, if authorized in any Plan of Development:

(a) Donations to the Authority for the performance of its functions;

(b) Moneys borrowed and to be repaid from other funds received under the authority of the Downtown Development Authority Act;

(c) Tax increment funds as defined in Section 31-25-807(3), C.R.S., if a Plan of Development is adopted which provides for such tax increment funding;

(d) Fees, rates, tolls, rents, charges, grants, contributions, loans, income or other revenues imposed, collected or authorized by law to be imposed or collected by the Authority or by the City on behalf of and for use by the Authority pursuant to an approved Plan of Development;

(e) Proceeds of an ad valorem tax of up to five (5) mills on the valuation for assessment of properties within the boundaries of the Authority; and

(f) Such other sources as may be approved by the City Council of the City.

Section 11. Any City ordinance by which bonds are issued by the City on behalf of the Authority, pursuant to the Downtown Development Authority Act, shall specify the maximum net effective interest rate of such bonds.

Section 12. The Authority shall be organized as follows:

(a) The Authority shall have a board comprised of seven (7) members, all of whom, except for any member of the City Council, must be “qualified electors” of the Authority, as defined in Section 31-25-802(9), C.R.S. (“Board”), appointed by the Mayor and confirmed by a majority of the City Council. Consistent with Sections 31-25-805 and 31-25-806, C.R.S., the Board of the Authority shall be constituted as follows:

i. One (1) member shall be a member of the City Council; and

ii. Six (6) members who are residents, landowners or business lessees within the boundaries of the Authority.

(b) The initial terms of the Board members shall be as follows:

i. The member from the City Council shall serve at the pleasure of the City Council;

ii. The terms of two members shall expire on June 30, 2015;

iii. The terms of two members shall expire on June 30, 2016; and

iv. The terms of two members shall expire on June 30, 2017.

(c) After the initial terms of the Board have expired, the terms of all members appointed to the Board, except the member from the City Council, shall expire four years from the expiration date of the terms of their predecessors. After notice and an opportunity to be heard, an appointed member of the Board may be removed for cause by the City Council. Board
Ordinance No. 1946
Page 5

members shall hold office until their successor has been appointed and qualified by the Mayor
and confirmed by a majority of the City Council.

(d) The term "business" shall include a for profit business or a nonprofit business. An officer or
director of a corporation having a place of business within the boundaries of the Authority
shall be eligible for appointment to the Board. A manager, agent, or employee, all as defined
in Section 7-90-102, C.R.S., of an entity having its place of business within the boundaries of
the Authority shall be eligible for appointment to the Board. No officer or employee of the
City, except the member from the City Council, shall be eligible for appointment to the
Board.

(e) The Board shall adopt and promulgate rules governing its procedures, including election of
officers, and these rules shall be filed in the office of the Clerk. The Board shall hold regular
meetings in the manner provided in the rules of the Board. Special meetings may be held
when called in the manner provided in the rules of the Board. Notice of meetings of the
Board shall be in accordance with the Colorado Open Meetings Law. All meetings of the
Board shall be open to the public except as allowed under the Colorado Open Meetings Law.

(f) Members of the Board shall serve without compensation, but they may be reimbursed for
actual and necessary expenses.

Section 13. The Authority shall, to the extent permitted and within the limitations of the Colorado
Governmental Immunity Act, indemnify and defend each director, officer, and employee of the Authority in
connection with any claim or actual or threatened suit, action, or proceeding in which he or she may be
involved in his or her official capacity by reason of his or her being or having been such director, officer, or
employee, or by reason of any action or omission by him or her in any such capacity.

Section 14. Additional property may be included within the boundaries of the Authority subject to
City Council approval, as provided in Section 31-25-822, C.R.S., as it may be amended.

Section 15. All actions not inconsistent with the provisions of this Ordinance heretofore taken by
the members of the City Council and the officers and employees of the City and directed toward holding the
election for the purposes stated herein are hereby ratified, approved and confirmed.

Section 16. If any one or more sections or parts of this Ordinance shall be judged unenforceable or
invalid, such judgment shall not affect, impair or invalidate the remaining provisions hereof, it being the
intention of the City Council that the various provisions hereof are severable. If any individual tract of land
included within the area described in Section 3 of this Ordinance is determined by a court of competent
jurisdiction to be excluded from the Authority, should the formation of the same be authorized by the qualified
electors, such determination shall not affect, impair, or invalidate the inclusion of the remaining area described
in Section 3 of this Ordinance in the Authority, it being the intention of the City Council that the inclusion of
the separate tracts of land described herein be severable.

Section 17. If, and to the extent that the City previously established a Downtown Development
Authority by virtue of ordinances adopted in 1984, that Downtown Development Authority is hereby dissolved
pursuant to Section 31-25-803, the City Council finding that there is no outstanding debt associated therewith.
Section 18. This Ordinance shall become effective when the City determines that a majority of the qualified electors voting on the question set forth in Section 3 of Ordinance No. 1947 has cast ballots in favor of the question submitted.

Section 19. All other ordinances or portions thereof inconsistent or conflicting with this ordinance or any portion hereof are hereby repealed to the extent of such inconsistency or conflict.

Section 20. The City Council finds and declares that this Ordinance is promulgated and adopted for the public health, safety and welfare and this Ordinance bears a rational relationship to the legislative object sought to be obtained.

Introduced, read, passed and ordered published the 13th day of June, 2013.

Passed and adopted upon second reading and ordered published this 11th day of July, 2013.

Marjorie N. Sloan
Mayor

Susan M. Brooks, MMC
City Clerk

Approved as to form:

David S. Williamson
City Attorney
I, Susan M. Brooks, City Clerk of the City of Golden, Colorado, do hereby certify that the foregoing ordinance was introduced on first reading and read at a regular business meeting of the City Council of said city, held on the 13th day of June, 2013, and was published as a proposed ordinance in the Golden Transcript, legal newspaper, as the law directs seven days or more prior to its passage. A public hearing was held on the 11th day of July, 2013, and the said proposed ordinance was read on second reading. The ordinance was passed by the City Council and ordered published in the aforesaid newspaper, as the law directs on the 11th day of July, 2013.

Witness my hand and official seal of the City of Golden, Colorado, this 12th day of July, 2013.

ATTEST:

[Signature]
Susan M. Brooks, MMC, City Clerk of the City of Golden, Colorado
EXHIBIT "A"

LEGAL DESCRIPTION:

A TRACT OF LAND LOCATED IN SECTIONS 27, 28, 33, AND 34, TOWNSHIP 3 SOUTH, RANGE 70 WEST OF THE 6TH P.M., CITY OF GOLDEN, JEFFERSON COUNTY, COLORADO BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

BEGINNING AT THE NORTHWEST CORNER OF BLOCK 14 OF WELCH'S ADDITION TO GOLDEN; THENCE WESTERLY ALONG THE SOUTHERLY RIGHT-OF-WAY LINE OF 20TH STREET A DISTANCE OF 592 FEET, MORE OR LESS, TO A POINT ON THE SOUTHERLY EXTENTION OF THE WESTERLY RIGHT-OF-WAY LINE OF THE PLATTED ALLEY WITHIN BLOCK 24 OF SAID WELCH'S ADDITION TO GOLDEN; THENCE NORTHERLY ALONG SAID WESTERLY LINE A DISTANCE OF 366 FEET, MORE OR LESS, TO A POINT ON THE SOUTHERLY RIGHT-OF-WAY LINE OF 19TH STREET; THENCE WESTERLY ALONG SAID SOUTHERLY LINE A DISTANCE OF 220 FEET, MORE OR LESS, TO A POINT ON THE WESTERLY RIGHT-OF-WAY LINE OF WASHINGTON AVENUE; THENCE NORTHERLY ALONG SAID WESTERLY LINE A DISTANCE OF 732 FEET, MORE OR LESS, TO A POINT ON THE SOUTHERLY RIGHT-OF-WAY LINE OF 17TH STREET; THENCE WESTERLY ALONG SAID SOUTHERLY LINE A DISTANCE OF 366 FEET, MORE OR LESS, TO A POINT ON THE WESTERLY RIGHT-OF-WAY LINE OF 14TH STREET; THENCE WESTERLY ALONG SAID SOUTHERLY LINE A DISTANCE OF 100 FEET, MORE OR LESS, TO A POINT ON THE SOUTHERLY EXTENTION OF THE WESTERLY LINES OF LOTS 11 AND 2 OF BLOCK 33 OF SOUTH GOLDEN SUBDIVISION; THENCE NORTHERLY ALONG SAID WESTERLY LINES A DISTANCE OF 366 FEET, MORE OR LESS TO A POINT ON THE SOUTHERLY RIGHT-OF-WAY LINE OF 13TH STREET; THENCE WESTERLY ALONG SAID SOUTHERLY LINE A DISTANCE OF 266 FEET, MORE OR LESS TO A POINT ON THE WESTERLY RIGHT-OF-WAY LINE OF 11TH STREET; THENCE NORTHERLY ALONG SAID WESTERLY LINE A DISTANCE OF 732 FEET, MORE OR LESS, TO A POINT ON THE SOUTHERLY RIGHT-OF-WAY LINE OF 9TH STREET; THENCE WESTERLY ALONG SAID SOUTHERLY LINE A DISTANCE OF 366 FEET, MORE OR LESS, TO A POINT ON THE SOUTHERLY RIGHT-OF-WAY LINE OF 7TH STREET; THENCE NORTHERLY ALONG SAID WESTERLY LINE A DISTANCE OF 1,098 FEET, MORE OR LESS, TO A POINT ON THE SOUTHERLY RIGHT-OF-WAY LINE OF 5TH STREET; THENCE WESTERLY ALONG SAID SOUTHERLY LINE A DISTANCE OF 100 FEET, MORE OR LESS, TO A POINT ON THE SOUTHERLY EXTENTION OF THE WESTERLY LINES OF LOTS 11 AND 2 OF BLOCK 33 OF SOUTH GOLDEN SUBDIVISION; THENCE NORTHERLY ALONG SAID WESTERLY LINES A DISTANCE OF 366 FEET, MORE OR LESS TO A POINT ON THE SOUTHERLY RIGHT-OF-WAY LINE OF 3RD STREET; THENCE WESTERLY ALONG SAID SOUTHERLY LINE A DISTANCE OF 266 FEET, MORE OR LESS TO A POINT ON THE WESTERLY RIGHT-OF-WAY LINE OF CHEYENNE STREET; THENCE NORTHERLY ALONG SAID WESTERLY LINE A DISTANCE OF 732 FEET, MORE OR LESS, TO A POINT ON THE SOUTHERLY RIGHT-OF-WAY LINE OF 1ST STREET; THENCE WESTERLY ALONG SAID SOUTHERLY LINE A DISTANCE OF 366 FEET, MORE OR LESS, TO A POINT ON THE SOUTHERLY RIGHT-OF-WAY LINE OF ILLINOIS STREET; THENCE NORTHERLY ALONG SAID WESTERLY LINE A DISTANCE OF 817 FEET, MORE OR LESS, TO A POINT ON THE NORTH LINE OF THE ALLEY WITHIN BLOCK K OF BARBER'S ADDITION TO GOLDEN; THENCE EASTERLY ALONG SAID NORTHERLY LINE AND THE NORTHERLY LINE OF THE ALLEYS WITHIN BLOCKS A, 30, AND 29, A DISTANCE OF 948 FEET, MORE OR LESS TO A POINT ON THE WESTERLY RIGHT-OF-WAY LINE OF THE NORTH-SOUTH ALLEY WITHIN BLOCK 29; THENCE NORTHERLY ALONG THE WESTERLY LINES OF THE NORTH-SOUTH ALLEYS WITHIN BLOCKS 29 AND 22 A DISTANCE OF 346 FEET, MORE OR LESS, TO A POINT ON THE SOUTHERLY RIGHT-OF-WAY LINE OF THE EAST WEST ALLEY.
WITHIN BLOCK 22; THENCE WESTERLY ALONG SAID SOUTHERLY LINE AND THE SOUTHERLY LINE OF THE ALLEY WITHIN BLOCK 21 OF SAID BARBER'S ADDITION TO GOLDEN, A DISTANCE OF 582 FEET, MORE OR LESS, TO A POINT ON THE WESTERLY RIGHT-OF-WAY LINE OF CHEYENNE STREET; THENCE NORTHERLY ALONG SAID WESTERLY LINE A DISTANCE OF 386 FEET, MORE OR LESS, TO A POINT ON THE NORTHERLY RIGHT-OF-WAY LINE OF THE ALLEY WITHIN BLOCK 1 OF SAID BARBER'S ADDITION TO GOLDEN; THENCE EASTERLY ALONG THE NORTHERLY RIGHT-OF-WAY LINES OF THE ALLEYS WITHIN BLOCKS C AND 20 OF SAID BARBER'S ADDITION TO GOLDEN, A DISTANCE OF 432 FEET, MORE OR LESS, TO A POINT ON THE EASTERLY RIGHT-OF-WAY LINE OF ARAPAHOE STREET; THENCE SOUTHERLY ALONG SAID EASTERLY LINE A DISTANCE OF 10 FEET, MORE OR LESS, TO A POINT ON THE CENTERLINE OF THE VACATED ALLEY WITHIN BLOCK 19 OF SAID BARBER'S ADDITION TO GOLDEN; THENCE EASTERLY ALONG THE CENTERLINE OF SAID VACATED ALLEY A DISTANCE OF 150 FEET, MORE OR LESS, TO THE SOUTHEAST CORNER OF LOT 1, MALTESE MINOR REPLAT OF LOTS 1, 2, 3, 10, 11, AND 12 IN BLOCK 19; THENCE NORTHERLY ALONG THE EASTERLY LINE OF SAID LOT 1 AND IT'S NORTHERLY EXTENTION AND ALONG THE WESTERLY LINE OF THE ALLEY IN BLOCK 12, A DISTANCE OF 582 FEET, MORE OR LESS, TO A POINT ON THE NORTHERLY RIGHT-OF-WAY LINE OF 6TH STREET; THENCE EASTERLY ALONG SAID NORTHERLY LINE A DISTANCE OF 380 FEET, MORE OR LESS, TO A POINT ON THE EASTERLY LINE OF THE ALLEY IN BLOCK 13 EXTENDED; THENCE SOUTHERLY ALONG SAID EASTERLY LINE A DISTANCE OF 366 FEET, MORE OR LESS, TO A POINT ON THE NORTHERLY RIGHT-OF-WAY LINE OF 7TH STREET; THENCE EASTERLY ALONG SAID LINE AND ALONG THE NORTHERLY LINE OF THAT VACATED PORTION OF 7TH STREET TO A POINT ON THE NORTH LINE OF THE SOUTHEAST ONE-QUARTER OF SAID SECTION 28; THENCE EASTERLY ALONG SAID NORTH LINE TO A POINT ON THE EASTERLY RIGHT-OF-WAY LINE OF VACATED EAST STREET; THENCE SOUTHERLY ALONG SAID EASTERN LINE TO THE WESTERLY CORNER BETWEEN LOTS 3 AND 4 OF BLOCK B, BUSH AND FISHER ADDITION TO GOLDEN; THENCE EASTERLY ALONG THE LINE BETWEEN SAID LOTS 3 AND 4 A DISTANCE OF 140 FEET, MORE OR LESS TO A POINT ON THE WESTERLY RIGHT-OF-WAY LINE OF ARCHER STREET; THENCE SOUTHERLY ALONG SAID WESTERLY LINE A DISTANCE OF 416 FEET, MORE OR LESS TO THE EASTERLY CORNER OF THE LINE BETWEEN LOT 5 AND 6 OF BLOCK 14 OF SAID BUSH AND FISHER ADDITION TO GOLDEN; THENCE WESTERLY ALONG SAID LINE A DISTANCE OF 140 FEET, MORE OR LESS, TO A POINT ON THE EASTERLY RIGHT-OF-WAY LINE OF EAST STREET; THENCE SOUTHERLY ALONG SAID EASTERLY LINE TO A POINT ON THE NORTHERLY RIGHT-OF-WAY LINE OF VACATED 11TH STREET; THENCE WESTERLY ALONG SAID NORTHERLY LINE A DISTANCE OF 366 FEET, MORE OR LESS, TO A POINT ON THE EASTERLY RIGHT-OF-WAY LINE OFFORD STREET; THENCE SOUTHERLY ALONG SAID EASERLY LINE A DISTANCE OF 3,360 FEET, MORE OR LESS, TO THE POINT OF BEGINNING.

2015 Grants and Programs Budget Narrative

**Infrastructure Management:**

**Memorial Bricks**
These personalized bricks are located along Washington Avenue. These bricks are valued by those that wish to have a permanent tribute in downtown. The proceeds from the bricks could be reinvested into other DDA programs.

**Downtown Directories**
These directories are located throughout downtown and serve as a way finding system for downtown visitors. The directories help guide potential consumers to business not only along Washington Avenue, but along the side streets of downtown as well by displaying a map with the business’ location. Printed twice annually ensures that directories reflect the current downtown business environment. The directories also include an alphabetical listing of establishments.

**Banner Labor**
Banners are hung along Washington Avenue and correspond to upcoming events, holidays, and/or seasons. They provide a sense of place and add character to the downtown area. The cost associated with the banners only includes labor and not the fees for new banners.

**Holiday Lights**
Residents, visitors, and downtown business owners value the holiday lights as an important community tradition. Many business owners feel the lights correlate to increased sales. For visitors and residents these lights create an inviting ambiance during the holiday season.

**Power Washing**
In late spring and early fall the sidewalks in the downtown area are power washed to remove excess debris and dirt. This process usually occurs at night to avoid inconveniences for businesses and pedestrians. Prior to power washing businesses are notified.

**Additional Maintenance**
This line could include an additional power washing service per year. Currently, the DDA will oversee two power washing services per year.

**Loveland Garden**
This small garden is located between 11th and 12th Streets along Washington Avenue. This garden serves as a much needed public space in the heart of downtown. It includes a bench and lush vegetation.
Side Street Signs and Recycling Bins
The side street signs are posted onto the recycling bins located on the corners along Washington avenues. These receptacles and signs have two functions: 1) to direct people to business on the side streets, 2) to serve as public recycling container to help alleviate the need for additional trash pick ups.

Business Assistance and Community Grants:
Website
Having a functional website it crucial for businesses to increase their presence and consumer base. GURA’s website grant program allows qualifying businesses to update or build a site, develop e-commerce abilities, and enhance and/or create a mobile site.

Façade and Alley Assistance
Having a well maintained façade for businesses enhances the visitor experience, while increasing the vitality and character of downtown. GURA’s investment in this program has not only helped to remedy blight, but increase the visibility for businesses through upgraded signage, lighting, and general façade maintenance and repairs.

Furthermore, alleys are way in which people access some establishments and circulate through downtown. GURA has contributed to alley improvements to help consumers and businesses owners/employees get to retail and services. Recently, the Better Block event raised awareness and the importance of having well serviced alleys in downtown.

Patio Projects
Many restaurants desire outdoor seating to expand their seating and increase the amount of seats. Some view patio seating as a interference to pedestrian traffic along Washington Avenue.

Miners Alley Play House Rent Subsidy
The play house is an attraction in downtown Golden that provides a variety of theatrical works to Golden residents and visitors. The rent subsidy is valuable to Miners Alley Play House as it helps offset the cost of the theater’s rent.

Foothills Art Center
This art center is a regional attraction that has made many enhancements to include a sculpture garden and interior renovations. Some of the center’s past exhibits have been Degas and Toulouse LaTrec.

Colorado Cowboy Gathering
The Colorado Cowboy Gathering celebrates cowboy heritage, traditions and entertainment, which grew out of the traditions of workers on cattle drives. Golden has a rich history of “western” culture, and this group seeks to encourage that culture.

Visit Golden Marketing
This is the primary method used to attract visitors to downtown Golden through online promotions, social media, print ads, press, radio ads, and events. Visit Golden also has
a number of volunteers that greet tourists after the Coors Tour to encourage visitors to shop and eat in downtown.

**General Improvement Grants**
These grants are the broadest of all the programs GURA manages. They are awarded on a discretionary basis. Usually, these grants have been used to make improvements and support activities that benefit the community and downtown businesses, while fulfilling GURA’s mission and grant guidelines.

**Energy Efficiency/Renewable Energy**
A major cost when operating a business is energy. This program was developed to help enterprises cut costs for energy consumption, while encouraging the downtown business community to utilize renewable energy. GURA has made investments in lighting, water heaters, toilets, and renewable energy materials for businesses seeking to take part in more sustainable forms of accessing energy.

**Unprogrammed Funding**
Included in the 2015 budget is a line item for funds that have not been allocated to certain projects. Staff seeks suggestions and comments from the board as what to do with this surplus.
RESOLUTION 007

A RESOLUTION OF GOLDEN DOWNTOWN DEVELOPMENT AUTHORITY APPROVING AN INTERGOVERNMENTAL AGREEMENT WITH THE GOLDEN URBAN RENEWAL AUTHORITY

WHEREAS, by Resolution No. 343, dated June 26, 1989, the City Council of the City of Golden (the "City") declared that an urban renewal authority was necessary to eliminate blight and prevent injury to the public health, safety, morals, and welfare of the residents of the City, and thereby created and established the Golden Urban Renewal Authority pursuant to the provisions of the Colorado Urban Renewal Law; and

WHEREAS, GURA continues to fulfill its obligations to the Golden community through programs and projects that are authorized by various Urban Renewal Plans, as approved by the Golden City Council; and

WHEREAS, by Ordinance No.1946, dated July 11, 2013, the City Council of the City of Golden (the "City") declared the need for an entity to continue providing support for the redevelopment of the downtown area, and thereby created and established the Golden Downtown Development Authority (DDA) pursuant to the provisions of Colorado law, and subject to a positive vote of eligible electors at the November 5, 2013 special election; and

WHEREAS, by virtue of the passage of DDA ballot question 1, and DDA ballot issues 300, 301, and 302, the DDA has been established and will continue to fulfill its obligations to the Golden community through programs and projects that are authorized by a Downtown Development Plan; and

WHEREAS, considering the initially modest direct property tax and incremental property tax revenues that the DDA will receive based upon state statute and the approval of a 5 mill property tax levy by eligible electors, and the projected gradual growth in revenues into the future, GURA and DDA desire to enter into an Agreement to provide additional funding to the DDA for operations and programs.

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE GOLDEN DOWNTOWN DEVELOPMENT AUTHORITY THAT:

The Intergovernmental Agreement with the Golden Urban Renewal Authority (GURA) is approved substantially in the form attached hereto as Exhibit A. The DDA chair is authorized to execute the agreement.

Adopted this __________ day of __________, 2014.

______________________________                      ________________________________
Ed Dorsey, Chair                                    Steve Glueck, Executive Director
Golden Downtown Development Authority               Golden Downtown Development Authority
INTERGOVERNMENTAL AGREEMENT- GURA AND DDA

THIS INTERGOVERNMENTAL AGREEMENT (hereinafter the “Agreement”) is entered into by and between the GOLDEN URBAN RENEWAL AUTHORITY, an Urban Renewal Authority, established and operated pursuant to the provisions of Title 31 of Colorado Revised Statutes and located within the boundaries of the City of Golden, Colorado (hereinafter “GURA”), and the GOLDEN DOWNTOWN DEVELOPMENT AUTHORITY, a Downtown Development Authority, established and operated pursuant to the provisions of Part 8 of Article 25 of Title 31 of the Colorado Revised Statutes and located within the boundaries of the City of Golden, Colorado (hereinafter “DDA”), and shall be effective as of September 1, 2014.

RECITALS

WHEREAS, by Resolution No. 343, dated June 26, 1989, the City Council of the City of Golden (the "City") declared that an urban renewal authority was necessary to eliminate blight and prevent injury to the public health, safety, morals, and welfare of the residents of the City, and thereby created and established the Golden Urban Renewal Authority pursuant to the provisions of the Colorado Urban Renewal Law; and

WHEREAS, GURA continues to fulfill its obligations to the Golden community through programs and projects that are authorized by various Urban Renewal Plans, as approved by the Golden City Council; and

WHEREAS, by Ordinance No. 1946, dated July 11, 2013, the City Council of the City of Golden (the "City") declared the need for an entity to continue providing support for the redevelopment of the downtown area, and thereby created and established the Golden Downtown Development Authority pursuant to the provisions of Colorado law, and subject to a positive vote of eligible electors at the November 5, 2013 special election; and

WHEREAS, by virtue of the passage of DDA ballot question 1, and DDA ballot issues 300, 301, and 302, the DDA has been established and will continue to fulfill its obligations to the Golden community through programs and projects that are authorized by a Downtown Development Plan; and

WHEREAS, considering the initially modest direct property tax and incremental property tax revenues that the DDA will receive based upon state statute and the approval of a 5 mill property tax levy by eligible electors, and the projected gradual growth in revenues into the future, GURA and DDA desire to enter into this Agreement to provide additional funding to the DDA for operations and programs.
AGREEMENT

1. **2014 program and Administrative support.** In consideration of GURA’s strong commitment to the success of the DDA, and recognizing that the DDA will not have any direct revenue until 2015, GURA has budgeted and intends to fund and jointly implement the continuation of certain GURA programs through the end of 2014, as contained in GURA’s adopted budget so that the DDA can begin to take over such programs. GURA further commits to fund the DDA’s administrative costs for 2014, as described in that certain Intergovernmental Co-operation Agreement between the DDA and the City of Golden, dated June 1, 2014, and attached hereto as Exhibit A.

2. **Additional Funding.** In recognition of the initially modest available resources that the DDA will be have available in its early years, and the projected gradual growth in revenues into the future, GURA hereby authorizes financial support for the DDA for the period of 2015 through and including 2019 (years 1 thru 5). For this period, GURA will contribute a total of $500,000 to the DDA, as follows:
   - i. $300,000 on or before January 10, 2015.
   - ii. $50,000 annually for 2016 through 2019 payable on or before January 10th of each year.

3. **GURA Downtown Special Fund.** Through careful use of incremental revenues generated by GURA’s downtown project during the course of the 25 year effort, GURA has created and, unless depleted by special project funding as provided below, will maintain for the period of this agreement the Downtown Special Fund.
   a. GURA will make this fund available for specific projects in the downtown area subject to the following criteria:
      - i. Projects must be either substantial capital infrastructure or significant redevelopment projects. Operating or general grant and business assistance programs will not be eligible.
      - ii. Projects must be physically located within the original GURA boundaries (which are similar, but not identical to the DDA boundaries).
      - iii. Projects must demonstrate that they support the 1989 GURA Plan goals and constitute urban renewal projects under Colorado law.
      - iv. Project proposals may be initiated by GURA or submitted by the DDA or the City of Golden. GURA agrees to fund projects jointly submitted by the City and DDA if they meet the above criteria. If either the City or DDA does not support a specific proposal, the GURA board will endeavor to seek consensus among the parties, but will reserve the right to make such
final decision, providing that the entity responsible for long term maintenance of any such investment agrees to accept such maintenance.

v. The exact amount of the fund will be determined upon deposit of remaining cash resources generated from the Downtown URA project after retirement of the debt associated with said Downtown URA Project. The fund will also include funds reimbursed to the Downtown Special Fund for authorized GURA expenditures in 2012, 2013, and 2014 in the establishment of new URA project areas.

vi. Funds will not be available for any substantial investments until retirement of GURA’s existing project debt, anticipated to occur in June 2015, however, funding discussions and decisions can occur at any time.

vii. Any loan of funds from the Downtown Special Fund to another URA project beginning January 1, 2015 will take the form of a formal loan to be repaid prior to the date of December 31, 2019 referenced in subsection b below.

b. Any remaining funds in the Downtown Special Fund as of December 31, 2019 will be transferred in total to the DDA no later than January 10, 2020.

4. **General Provisions.**

a. This Agreement shall inure to the benefit of and shall be binding upon the successors and assignees, if any, of the Parties hereto.

b. This Agreement is being executed and delivered and is intended to be performed in the State of Colorado, and the laws of Colorado shall govern the validity, construction, enforcement and interpretation of this Agreement. Exclusive jurisdiction and venue for resolution of any dispute arising hereunder shall be in the Jefferson County, Colorado District Court.

c. This Agreement embodies the whole agreement of the Parties hereto. There are no promises, terms, conditions, or obligations other than those contained herein. This Agreement shall supersede all provisions, communications, representations, or agreement, either verbal or written, between the Parties hereto.

d. A written waiver by any Party to this Agreement of the breach of any term or provision of this Agreement shall not operate or be construed as a waiver or any subsequent breach by another party.
e. The captions of the articles and sections of this Agreement are set forth only for the convenience and reference of the Parties hereto and are not intended in any way to define, limit, or describe the scope or intent of this Agreement.

f. Notwithstanding any language in this Agreement, GURA shall not be deemed to be a member, partner, or joint venturer of the DDA, and GURA shall not be responsible for any debt or liability the DDA or its contractors, agents or developers. The DDA shall not be responsible for any debt or liability of GURA or their contractors or agents in relation to the subject matter of this Agreement.

g. If any portion or portions of this Agreement shall be determined to be illegal or unenforceable, the remainder of this Agreement shall not be affected thereby and shall remain in full force and effect as if such illegal or unenforceable portion or portions did not exist.

The Parties hereto have executed this Agreement to be effective as of the date first above written.
