### **VALUES STATEMENT**

*Golden Public Works is committed to the following values in pursuit of its mission:*

- We value the trust that the public has placed in us and we understand and embrace our obligation to provide responsible stewardship of our infrastructure and environment.
- We value empowered employees who exhibit honesty, courtesy, dedication, professionalism, open communication, trustworthiness, respect, and teamwork in all interactions with the public, elected officials, and City staff.
- We value the knowledge, skill and historical perspective that comes from the collaborative interaction between Department Divisions and other City staff who have been serving the Department for many years.
- We value our staff's professional growth through continuing education and active participation in professional organizations.
- We value the community as our partner in success.
- We value, encourage and reward efficiency and ingenuity.
- We value our status as an internationally-accredited agency.

---

### **VISION STATEMENT**

Public Works continues to be a nationally-recognized leader in providing services and strives to be a source of pride within the community.
