Through Airbnb.org, Hosts can give individuals a temporary place to stay after a natural disaster. The City of Golden regulations allow this to occur as long as the stay is **temporary and free**. This application is to keep track of all 'Open Homes' licenses, despite there being no charge from the City and no sales and use tax license required. The maximum stay is 6 months. Please reach out to planning@cityofgolden.net with any questions.

I, the undersigned, request to participate in the Air BnB Open Homes program in order to provide free and temporary lodging for victims of the Boulder County Fires of December 2021. I understand that any use of my home as a Short Term Rental outside of the Open Homes program is not authorized by the City of Golden without first obtaining a standard Short Term License from the City of Golden. In addition, I am either the owner of the property, or have the permission of the owner, and am authorized to participate in the Air BnB Open Homes program.
