ORDINANCE NO. 1868

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF GOLDEN AMENDING TITLE 4 OF THE GOLDEN MUNICIPAL CODE PERTAINING TO RESIDENTIAL WASTE COLLECTION SERVICES

WHEREAS, pursuant to Colorado Revised Statutes §30-15-401, the City is authorized to provide residential waste services for the collection and transportation of ashes, trash, rubbish, garbage or any other discarded materials and impose fees for such service; and

WHEREAS, City Council finds that the City's provision of residential waste services is of benefit to the community as the overall cost of service is reduced, there is less need for street maintenance, and the quality of life and public safety are benefited by not having multiple haulers operate within the City; and

WHEREAS, the City has completed all necessary statutory requirements to provide residential waste services and impose fees for such services; and

WHEREAS, City Council, in recognition of the desires of the community, is committed to recycling and finds that implementation of a single stream recycling program in conjunction with the City's collection of waste will increase the recycling of household goods; and

WHEREAS, City Council, to ensure administrative efficiency and the continuity of service regarding the collection of residential waste and recyclables, desires that the billing, payment and enforcement practices for such services be the same as those for the City's utility services; and

WHEREAS, City Council hereby finds that the following amendments to the municipal code are necessary to provide residential waste and recycling collection services and impose fees for such services.

(c) Bulk waste and recyclable material, as defined by the city, shall be removed by private arrangement with the city's residential waste collection services provider(s) or another licensed provider authorized to haul waste or recyclables within the city, or by the resident. (d) It shall be unlawful for any person to set out or allow to be set out, deposited, or stored for collection, any waste or recyclable materials other than that which has accumulated from the regular residential use of the premises upon which such waste or recyclables are set out, deposited, or stored for collection.

The fee for residential waste collection services and the charge for water service are hereby declared to be parts of one (1) debt to the city insofar as the same affect any one (1) resident, and the refusal or failure to pay any part of such debt for any period of service shall be sufficient cause for the city to avail itself of any or all remedies as set forth and in accordance with the provisions of Chapter 13.08 of the Code; provided, however, that water service shall not be disconnected for non-payment of the residential waste collection service fee.
