## Renewal Request Stormwater Quality Permit

The Stormwater Quality Permit issued to \_\_\_\_\_  
for \_\_\_\_\_ expires on \_\_\_\_\_

Prior to the expiration date, the permittee must complete the information below and submit this form to the City to renew the Stormwater Quality Permit.

Failure to file this request by the expiration date will result in an automatic renewal of the permit without the opportunity to reduce the Performance Security prior to final stabilization. A valid Stormwater Quality Permit is required for any land disturbing activity until final stabilization has been achieved.

If final stabilization has been achieved at this site and you would like to request a final inspection, call 303-384-8188 to obtain a Request for Release of Performance Security.

### Please complete the following steps to renew the Stormwater Quality Permit:

1. ☐ Please renew the Stormwater Quality Permit

2. \_\_\_\_\_  
Authorized Signature Date

3. Update contact information if it has changed. The permit will be mailed to you.
